

International Congress for Microbiology 1958

Stockholm, August 4th to 9th, 1958

Secretary General: C.-G. HEDÉN, ASSOC. PROF., M.D.

MAIL: Karolinska Institutet, Stockholm 60, Sweden

TELEPHONE: Stockholm 33 54 11

TELEGRAMS: Microbiolog, Stockholm

Stockholm, February 25th, 1958.

Prof. J. Lederberg
The University of Wisconsin
College of Agriculture
Madison 6
Wisconsin
USA

Dear Prof. Lederberg,

At the meeting of the organizing committee on January 31st it was decided that the ceiling for the Congress support to lecturers and moderators from the East Coast should be 2500 Swedish crowns, whereas those from the West Coast should receive a maximum of 3000 Swedish crowns. The corresponding figure for other panel members, i.e. discussants was fixed at 1000 and 1500 Swedish crowns respectively. All symposia participants are also exempt from active membership fee.

I feel that I should let you know those figures because they may affect your planning. At the same time I want to stress that the individual sums have not yet been decided. This will await the decisions about the SAB/Am.Inst.Biol.Sci/Nat.Science Foundation - grants as well as information about who will use military transport facilities (MATS etc.).

Yours sincerely

C.-G. Hedén
